

SLEEP TIGHT, DON'T LET THE BED BUGS BITE!

FREE BED BUGS WORKSHOP

Wednesday, May 6, 2009

2 to 4 p.m.

KFL&A Public Health

221 Portsmouth Avenue, Kingston

They might be small, but for anyone dealing with an infestation of bed bugs, the problem is gargantuan! More and more of us are finding ourselves either dealing with problem or wondering if we will prepared when we do experience it.

Join the City of Kingston and KFL&A Public Health for an informative workshop on bed bugs, a session that will provide valuable information and resources anyone managing a residential facility:

-  hotels,
-  motels,
-  apartments,
-  long-term care facilities,
-  student housing, and
-  group homes.

Join experts in public health and pest control from Toronto and Ottawa on how to prevent, monitor, identify and treat bed bugs as they share experiences from their cities, including a hands-on demonstration from Patrick O'Hara of Pestguard Services in Ottawa, who will demonstrate the K-9 Bed Bug Inspection Program. Reproducible resource materials for residents and providers will also be available at the session."

FREE!

Please register by calling Lorraine Mustard at the City of Kingston at 613-546-2695, ext. 4943 or by email at lmustard@cityofkingston.ca. Please confirm your agency registration no later than Friday, May 1, 2009.
